Dear Eric Neuman,

It was nice to speak with you on the phone today. I look forward to hearing more from you or staff in the analytical lab at Washington University regarding the research project you are developing.

Here is my contact information -- please feel free to share this with your colleagues:

Our collections are searchable on-line through this link

If you search for "castine coins" you will find images of each of the coins in this group.

As I mentioned, MHS has another hoard of coins found on Richmond Island in 1855. The collection was the focus of a paper written by Louis Jordan "Coinage and Exchange at the Richmond Island Trading Post during the 1630s and the Richmond Island Coin Hoard," published in the Colonial Newsletter Vol. 47, Number 1 -- April 2007, Serial Number 133.

You can see images of the these coins using "richmond island coins" in the search field.

I hope this information is helpful.

I look forward to hearing from you.

Sincerely,

John Mayer
Museum Curator
Maine Historical Society
